Periodic account top-up

PAYSERA

Log in to the Paysera app

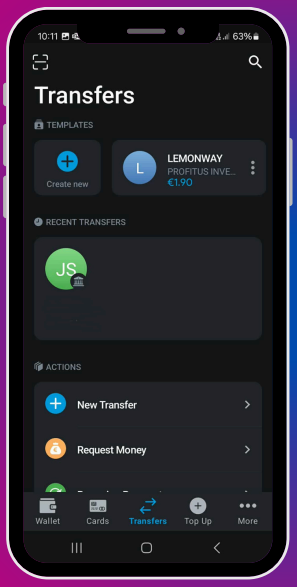

Open the Paysera app on your phone and log in to your account.

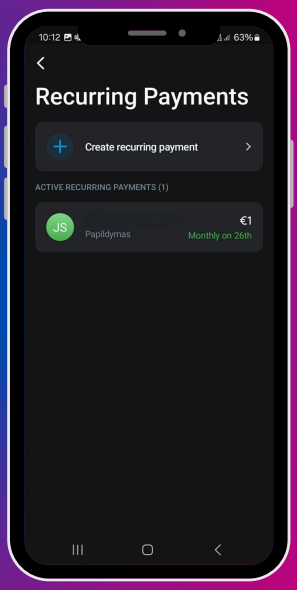

1

Select "Transfers"

At the bottom of the app, select the "Transfers" section.

2

Select "Recurring payment"

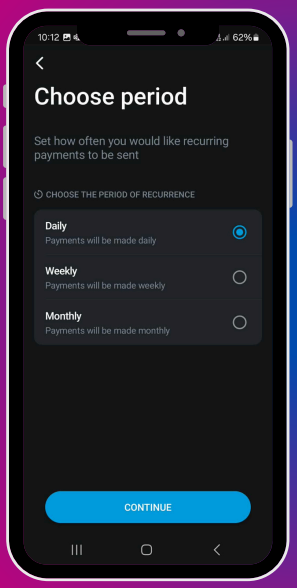

Tap "Recurring payment" and then the plus sign "+" to create a new payment.

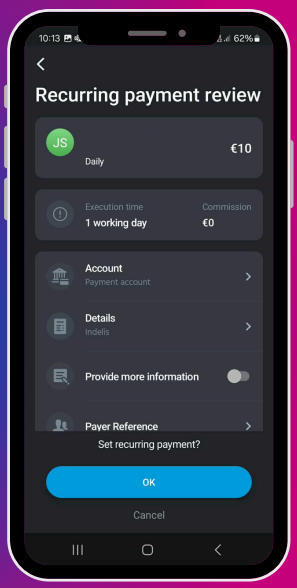

3

Fill in the payment details.

Select the payment type (e.g., bank transfer), set the frequency (e.g., monthly), choose the date, and enter the recipient's details and the amount.

4

Confirm and save.

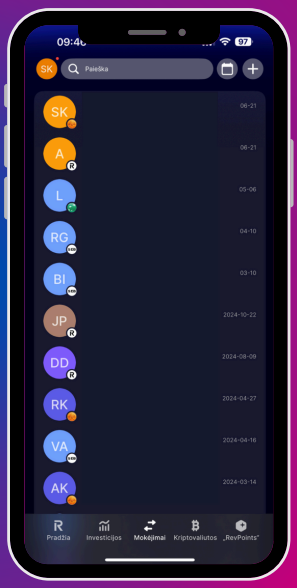

Review the entered information and confirm the payment. You can edit or delete the recurring payment at any time.

Recurring account top-up

Revolut bank

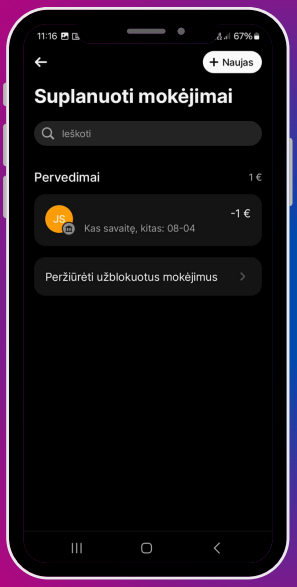

Open the Revolut app and select "Payments"

Open the Revolut app on your phone and tap "Payments" at the bottom of the screen.

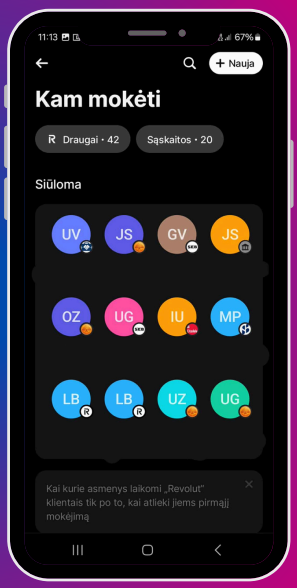

1

Tap the calendar icon in the top right corner.

This will take you to the Scheduled Payments section.

2

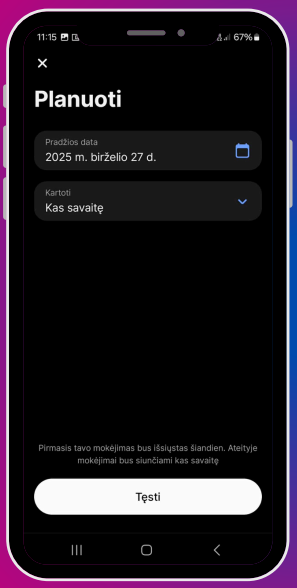

Select "New" and then choose "Transfers".

You can choose a previous recipient or add a new one – enter the recipient's details if needed.

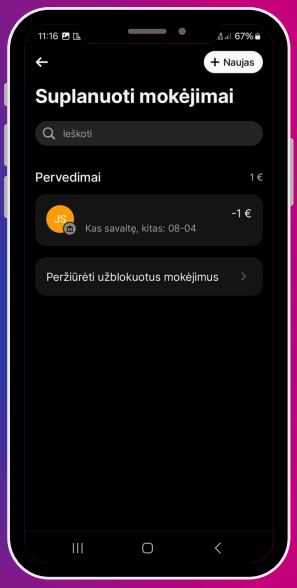

3

Enter the amount and tap "Continue"

Then you can choose the transfer date and set the transfer frequency (e.g., weekly, monthly, etc.).

4

Confirm the transfer.

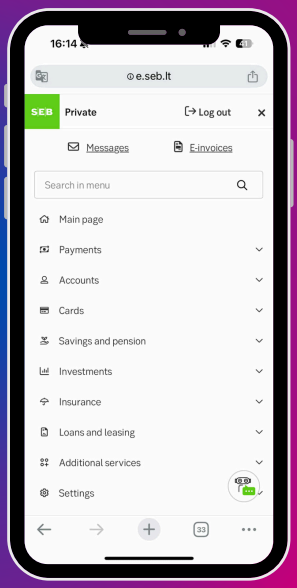

Before confirming, you will see the applicable fees (they are the same as for a one-time transfer). Confirm the scheduled transfer.

SEB bank

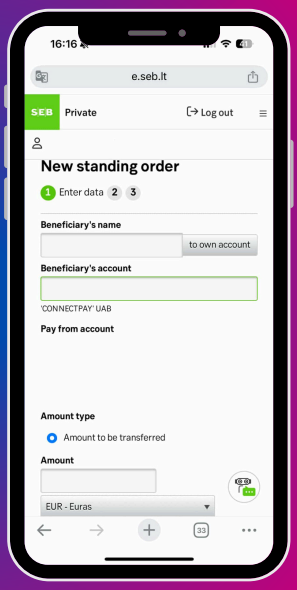

Log in to SEB Internet Bank.
Open SEB Internet Bank and log in to your account using Smart-ID, a code generator, or another identification method.

1

Select the "Payments" section.
In the main menu, click "Payments", then "Other payments", and select "Recurring".

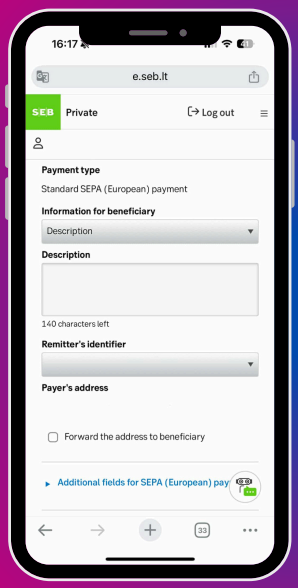

2

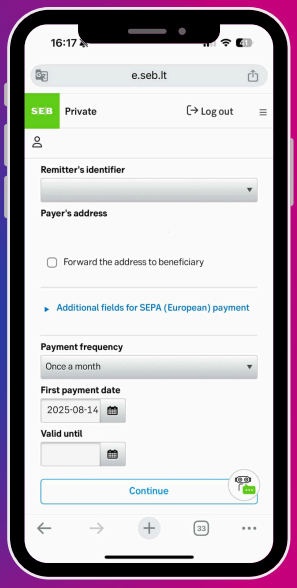

Create a new recurring payment.
Enter the recipient's details, account number, transfer amount, currency (if needed), select the payment frequency (e.g., monthly), and the start date.

3

Review and confirm.
Carefully review all the information and confirm the transaction using your chosen authentication method.

4

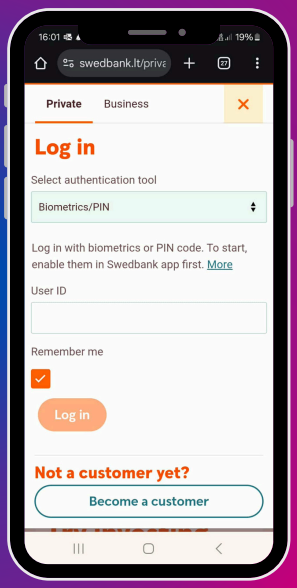

Manage your recurring payments as needed.
You can change or cancel a recurring payment agreement at any time in Internet Bank. If you encounter any difficulties, you can schedule an appointment at the nearest SEB branch (bring your ID).

SWEDBANK

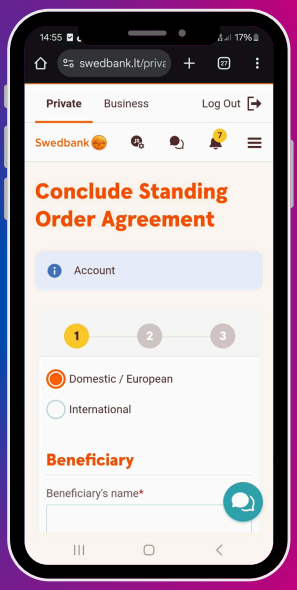

Log in to Swedbank Internet Bank.
Visit swedbank.lt and log in using Smart-ID, your PIN code card, or another authentication method.

1

Select the Recurring Payments section.
In the top right corner, tap (≡). In the menu that opens, use the search at the top – type "recurring payment" and select "Recurring Payments Service".

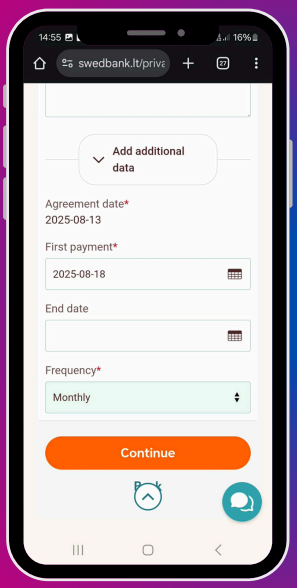

2

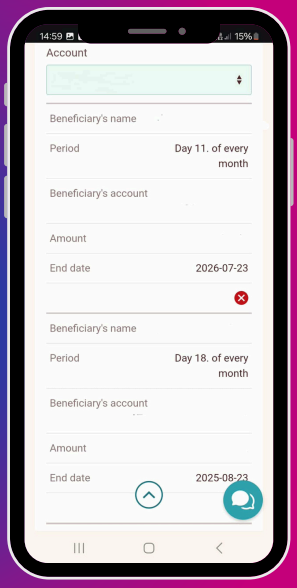

Create a recurring payment.
In the form, set the payment frequency, start date, and duration.

3

Review and confirm.
Review the entered information, select the account from which the payment will be made, and confirm the agreement.

4

Manage your recurring payments.
In your Internet Bank, you can change the terms of a recurring payment, cancel an existing agreement, and more at any time.
