Loan contract	The Contract on the basis of which the money is transferred to the Project Owner, and the Project Owner undertakes to return the same amount of money (loan amount) to the Lender and to pay interest, unless the agreement provides otherwise.

Referral Programme Description

The Referral Programme Rules are an integral part of the Profitus Platform General Terms of Use and the Project Investment Conditions, which come into force when the Investor agrees to the Rules in the System. The Referral Programme is subject to all of the provisions of the Profitus Platform General Terms of Use and the Project Investment Conditions.

A person can only use the Referral Programme after registering on the Platform, confirming his or her identity, and reading and agreeing to the General Terms of Use of the Platform and other mandatory documents.

The Referral Programme provides an opportunity for the Partner to receive a reward for recommending the services offered by Profitus to third parties who are not yet Profitus users and for encouraging them to invest in a Project.

The Referral Programme provides an opportunity for the Invitee to receive a reward for the first Investment made in the selected Project.

Referral Programme Partners receive a unique link that they can share to invite third parties to register on the Profitus platform. Only registrations done through the unique shared link comply with the rules.

Information about the award of Referral Programme bonuses

The Partner is given a Reward for each new Platform User who registers through the unique link and confirms his or her identity when the Project that the Invitee invested in is funded. The reward consists of an additional 1% (one per cent) on the Investment made in the Project. The Award consists of an additional percentage to the completed transactions to the Project, which is added to the annual interest rate.

The Reward is paid to the Partner and the Invitee throughout the all Project period. If there is invested performing couple of transactions, 1 percent Award is counted only for the one transaction.

In cases when the Loan contract is terminated earlier, the Award shall be paid till the date of termination. If the Project Owner is late in repaying the loan amount, the Award shall be paid till the end date of the Loan contract. When the project owner initiates insolvency proceedings the Award is calculated and paid till the date of the order to open insolvency proceedings.

If a Partner invites more than one User, the additional percentages are not combined, i.e. only 1% (one per cent) can be used per investment.

The Partner only has the opportunity to use the additional percentage when the Project that the Invitee invested in is funded.

The Partner has to use the additional percentage within three (3) calendar months of the date that the Project that the Invitee invested in was funded. If the Project is not funded, the additional percentage does not apply, and its term of use is not extended.

An invited person who has registered through the unique link and confirmed his or her identity is given a 1% (one per cent) reward for the first Investment made in the selected Project.

The Invitee is entitled to use the additional percentage within one (1) calendar month of registering through the unique link and confirming his or her identity.

Other conditions

The Partner undertakes to acquaint the Invitee with how the Profitus platform works. The Partner must also warn the Invitee about the risks associated with investing.

Participants in the Referral Programme may not transfer their acquired rights to other persons for remuneration.

Participants in the Referral Programme undertake to act in good faith, and to not violate Profitus requirements and legislation of the Republic of Lithuania.

Profitus reserves the right to investigate participation in the Referral Programme for any illegal activities and to take steps to terminate them all. One of these measures may be the cancellation of a qualifying investment.

Profitus is not responsible for costs and/or losses incurred by the Partner in making recommendations according to this Referral Programme.

It is clear to programme participants that these Rules do not create a partnership, joint venture, or employment or representation relationship.

Profitus hereby informs participants that sending advertising information to individuals by e-mail, social media sites or other means of communication without their consent is prohibited. Profitus is not responsible for non-compliance of programme participants with the specified legislative requirements.

Profits have the right to amend, supplement or correct the Rules at any time.
